

# Personalize your AO experience

## Access your dashboard

Go to **AO Recon** and log in with your e-mail address and password. Access your **Dashboard** next to the logout, or via top menu.

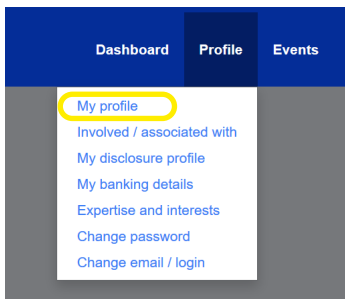

Discover **Your privileges** as an AO Recon User and view your event participations under **Your involvements**.

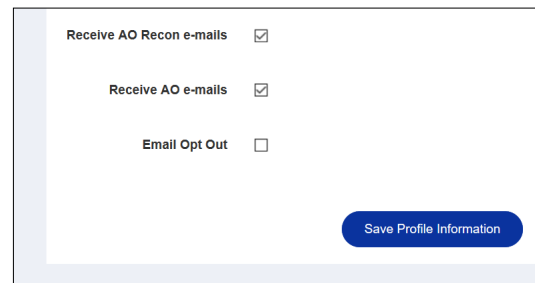

## Complete your profile

Review your personal details in **My profile** including your birthday, year of graduation, and work organization.

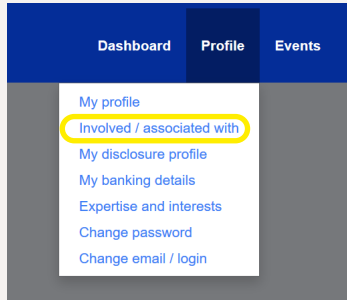

Subscribe to newsletters under **Communications** to receive occasional information from the AO network. Make sure that Email Opt Out is *not* ticked and **Save** your changes.

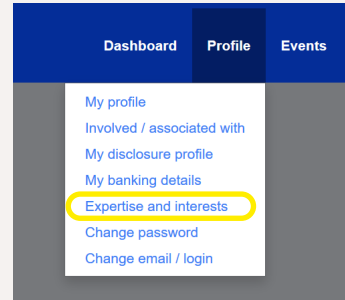

# Update your interests

Specify your **Areas of Interest** under **Involved / associated with** to connect with the clinical specialties that are relevant to you.

Indicate your **Expertise and interests** to help us understand both your current skills and your educational needs.

A screenshot of the 'ACRecon' expertise table. The table has columns for Expertise, None, Low, Medium, High, and Interest. The rows list various surgical specialties with radio buttons for selection and checkboxes for interest.
